

## **President's Report – British Society of Russian Philately, AGM 12 December 2021**

The pandemic has in part spurred us on after deciding to stop holding the annual meeting at the Union Jack Club in London, this was due to falling attending numbers and rising cost making it poor value for the expenditure. This has been replaced with a monthly Zoom meeting which has attracted a different make up of attendees as distance is no problem with virtual meetings, but international time zones do impact. To attract the greatest number of attendees we are always open to feedback and if moving the time or changing the format or content helps, please let me know your comments.

My extreme thanks go to Caroline without her impressive input the running of the Society would become a shadow of its present self.

I wish you all my best Season's greetings and hope that you achieve your goals in 2022."

Thanks Neil

Neil Ritchie
